Career Choices
The career paths chosen by graduates are in diverse and exciting industries. Butler University graduates are working as admission counselors, artistic associates, brokers, dance instructors, English teachers, engineers, financial analysts, legal assistants, marketing coordinators, math teachers, management trainees, orchestra directors, pharmacists, physician assistants, reporters, risk assurance associates, staff accountants, software engineers, therapists, trading analysts and writers.

Graduate and Professional Schools
A number of Butler graduates chose to continue their education rather than enter the workforce full time. These students are attending a variety of respected schools including Ball State University, George Washington University, Indiana University, Loyola University, Michigan State University, Notre Dame, Ohio State University, Purdue University, Rush University, Southern Illinois University, IUPUI, University of London, University of North Carolina, University of South Florida, University of Tennessee and Valparaiso University. Examples of programs recent graduates chose to pursue included art in teaching, autism certification, biochemistry, development studies, physics, interdisciplinary life sciences, speech pathology, industrial-organizational psychology, accounting, music therapy, chemistry, astronomy, dentistry, law, library science, medicine, optometry and entrepreneurship.

Gap Year Experiences
Not every Butler University graduate chose a direct path to employment or graduate school. Members of the 2011 class also entered AmeriCorps, Peace Corps, Teach for America, LanguageCorps, Milwaukee Ballet, Académie de Rouen and pursued other nontraditional opportunities, such as teaching English abroad.

Employer Connections
More than 2,000 employers interact with Butler’s Internship and Career Services office each year through:
- Job postings
- Information sessions
- Internship and Career Prep Program (ICPP)
- Workshop presentations
- On-campus interviews
- Networking events

Students also have access to a network of successful alumni who have volunteered to serve as mentors. Through these connections and resources, students have the opportunity to interact with a wide variety of local and national employers.
93 Percent Success Rate

Class of 2011 graduates excelled in their pursuits after college even in challenging economic times. Approximately 93 percent of student respondents indicated they were successfully involved in postgraduate activities after leaving Butler University.* This brochure highlights the information graduates provided to the Internship and Career Services office.

*Data reflects May, August and December 2011 graduates. A total of 548 students responded to the postgraduate survey.
